

there will be time.

there will be a time when we can play.

there will be a time when it'll end some day.

there will be a time when we are happy

there will be a time where its not so crappy.

there will be a time where we can have fun!

there will be a time when we can play in the sun.

there will be a time when we'll end this poem.

there will be a time when we'll end this poem.

there will be a time when we'll end this poem.

there will be a time when we'll end this poem.

there will be a time when we'll end this poem.

there will be a time when we'll end this poem.

there will be a time when we'll end this poem.

the end !
